ABOUT US

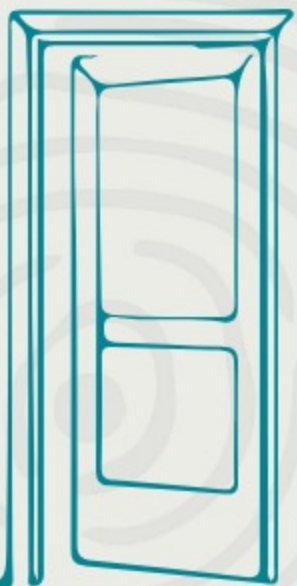

With over 15 years of excellence, DOOR INDUSTRIES India has established itself as a trailblazer in crafting premium doors that redefine interior spaces. Guided by global trends in design and cutting-edge manufacturing technology, we are committed to delivering innovation, durability, and unmatched aesthetics.

As we continue to transform homes and workplaces, we are embracing a new chapter in our journey—evolving our brand to meet the demands of the future. Our mission remains the same: to make DOOR INDUSTRIES synonymous with premium quality at an exceptional value while setting benchmarks for industry excellence.

We take immense pride in offering advanced laminates, carefully curated to enhance your residential and commercial interiors. From drawing rooms and bedrooms to kitchens, wardrobes, offices, and showrooms, our premium brands and distinctive finishes are tailored to suit your unique design aspirations.

At DOOR INDUSTRIES, we understand that choosing the perfect design is more than just a decision—it's an emotional connection. That's why we prioritize innovation and continuously strive to improve, ensuring every product we create is "better than before."

Thank you for trusting us to bring your vision to life. Together, let's build spaces that inspire.

FLUSH DOOR

Flush Doors are the ideal choice for main and internal doors. Made from high quality kiln seasoned timber, these doors are dimensionally stable and have a high vertical load bearing strength. Each Door is treated for Termite Resistance thus ensuring lifetime of performance
