

# BUILDING & CONSTRUCTION PRODUCTS IN YOUR OWN BRAND ...

## WHY CHOOSE US?

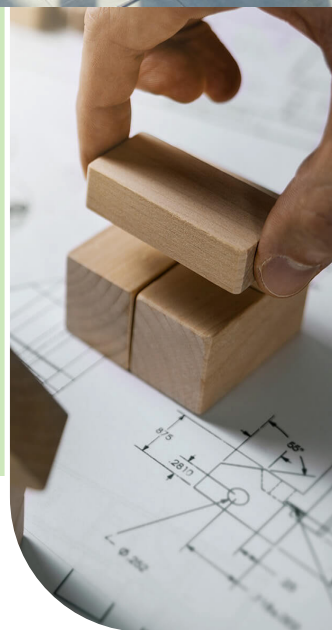

- LARGE BASE OF TRUSTED CLIENTS
- AFFORDABLE PRICING
- PRIVATE LABELLING
- QUALITY PRODUCTS

## ABOUT US

We have more than 30 years of experience in dealing with OEM supply of building products from foundation to the roof. We are representing 40+ manufacturers from US, Europe, the Middle East and Asia Pacific.

If you are a manufacturer, distributor or construction buyer looking to source or distribute high-quality construction materials - everything from sealants, adhesives, waterproofing, tapes, etc.,

Please feel free to contact us. We are excited to talk with you and help you on your requirements.

## OUR PRODUCTS

### CONSTRUCTION SEALANTS

"Construction Sealants" are the materials used in construction, to prevent fluids and other substances from entering through the surfaces and joints. Sealants also help to block air leakage, insects, dust, sound, and heat.

### LIQUID MEMBRANES

Liquid-Applied Membrane also called "LAM" is a liquid-based coating. It is useful for waterproofing applications and improves the building's performance. It is a film or flexible material to be laid on a surface

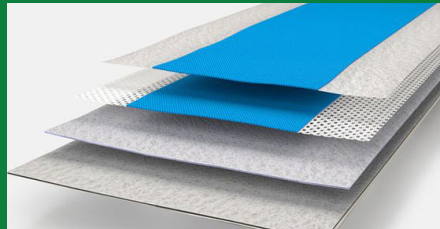

### SHEET MEMBRANES

Sheet membranes are reliable and durable thermoplastic waterproofing solutions. A high-quality foundation waterproofing membrane serves as the all-important barrier between the concrete and the surrounding earth.

### CONSTRUCTION TAPES

Construction tapes and flashings are used to span joints and gaps, typically in conjunction with a primary water-resistive barrier (WRB) or air barrier.

### FLOOR COATINGS

Floor coatings are tough, protective layers used in applications where heavy surface wear or corrosion is expected. Typical applications include warehouses, ...
