About Us

LumiLife is part of diverse group of companies known as White Rose General Trading, City One Tourism, and Aasaj Shipping, for the past 10 years. LumiLife is a leading providers of comprehensive lighting solutions, commercial lighting, power backup system, IT & connectivity Solutions, CCTV Surveillance, and more.

We have established a significant presence in Dubai, through our diverse services and expansion. Our main focus is on energy-saving technology. With our years of experience, we have crafted a company known for its trustworthiness and innovation. We have the expertise in LED Lighting Solutions, Home automation, ELV & IT, electricals, Energy saving management, and cable management systems and more. At LumiLife, we customize our solutions accordingly upon client unique requirements to meet the expectations they expect from us.

As a company, we proudly push the green movement by utilizing energy-saving technology. This technology helps home-owners and building-owners reduce their carbon footprint and lower their energy bills, thus contributing to a more sustainable future.

Our Vision

LumiLife's, goal is to become a globally recognized brand in lighting and electrical products while encouraging and organizational culture that prioritize exceptional customer service. With our continuous persistence and adaptability for change, we are confident that we will emerge as industry leaders in the coming years.

Our Mission

At LumiLife, our mission is to offer the most extensive and versatile product portfolio in the industry. We aim to set a global standard through our creative and custom-made solutions tailored to the unique customization need of our customers. Our primary goal is to ensure client satisfaction by encouraging long-term relationships that promote mutual growth and prosperity.
