Paint Strong.
Shine Long.
Stay Bold.

Welcome to Luxuria

Founded in 2014 in Rajkot, Gujarat, Luxuria Paints has quickly made a name for itself as a go-to brand for high-performance industrial and protective coatings. Our avant-garde facility, outfitted with advanced machinery and technology, enables rigorous in-house R&D and stringent quality testing. Committed to innovation and reliability, we deliver high-performance paint solutions that meet global standards and propel industries forward.

Vision & Mission

Our vision is to become the world's premier paint company, renowned for superior quality and service. We strive for excellence, innovation, and sustainability, ensuring every trusted customer chooses Luxuria Paints.

Core Values

We uphold transparency and goodwill in all business relationships, embrace ethical methods and innovative techniques for product development, and foster ongoing improvement by advancing our team's knowledge, skills, and expertise.

Leadership & Team

Our leadership comprises dedicated professionals across Production, Marketing, Engineering, Administration, Maintenance, Quality Assurance, and R&D. Each expert brings specialized skills and unwavering commitment to deliver solutions that exceed client expectations.

Our Solutions

At Luxuria Paints, we offer a diverse portfolio of high performance coating systems tailored to industrial demands. Our product range ensures durability, protection, and aesthetic value across various applications.

Protective & Industrial Coatings

- Epoxy Paints & Primers
- Polyurethane Paints & Primers
- Zinc-Rich Coatings
- Heat-Resistant Paints

Specialty & Auxiliary Products

- Synthetic Primers & Synthetic Oil Paints
- Aluminium Paints
- Thinners, Varnishes & Putty

Luxury
That Outlasts the Seasons.

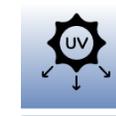

PU Paint

A high-performance coating providing a tough and durable finish with superior resistance to scratches, chemicals, and wear.

High Durability & Chemical Resistance

UV Resistance & Long-lasting Properties

Smooth, Glossy, or Matte Finish Options

A high-performance, two-pack system designed for industrial and protective coatings, renowned for superior adhesion and durability.

Excellent Durability

Corrosion Protection Against Rust

Versatile Colors & Textures

Epoxy Paint

Stripple Finish Paint

A sleek, modern paint finish with subtle linear texture enhancing aesthetics and durability.

Clean, Stylish Appearance

Perfect for High-touch Surfaces

Multiple Shade Options

Durable paint finish featuring unique hammered metal texture providing aesthetic appeal and lasting protection.

Conceals Surface Imperfections

Easy Application on Metal

Available in Various Colors

Heat Resistant Paint

DTM Paint

High-performance paint giving metal surfaces a durable, metallic sheen.

Striking Metallic
Finish

Corrosion &
Environment Resistance

Durable Under
Heavy Use

High-performance industrial paint delivering sleek, durable aesthetics and protection.

High Gloss Appearance

Quick-drying Formula

UV & Environmental Damage Protection

Auto Finish Paint

Synthetic Paint

Versatile, durable paint with a glossy finish ideal for protecting and beautifying metal surfaces.

Long-lasting Shine

Weathering & Wear Resistance

Excellent Metal Adhesion

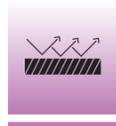

High-quality paint with a sophisticated matte finish, offering durability and aesthetic appeal in industrial applications.

Non-reflective,
Refined Appearance

Excellent Coverage
& Uniform Finish

Resistance To
Environmental Conditions

Satin Paint

Wooden Lacquer Paint

Protective and decorative finish providing a glossy, durable surface, enhancing wood's natural beauty.

Fast-drying,
Highly Durable

Scratch, Stain &
Moisture Resistance

High-gloss finish

Specialized metal hardware coating offering protection against rust and wear with a smooth, professional-grade finish.

High corrosion and abrasion resistance

Chemical and scratch resistance

Durable under heavy use

Hardware Paint

Quality, Standards & Innovation

Quality Management & ISO Certifications

At Luxuria Paints, quality is a disciplined process. We adhere to ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 standards to ensure consistent product performance, safety, and environmental compliance. Our quality system emphasizes timely delivery, team training, and customer feedback to meet and exceed global industrial expectations.

Research & Development

Innovation drives everything we do. Our dedicated R&D team follows a Stage-Gate process, developing eco-compliant chemistries and application-specific formulations. We continuously improve product performance, invest in green technologies, and partner with clients to co-create solutions that meet the evolving demands of modern industry.

In-House Testing Capabilities

Our in-house laboratory is equipped with advanced instruments for testing gloss, DFT, adhesion, impact resistance, weathering, salt spray, and more. Rigorous quality checks at every stage ensure reliable performance, safety, and compliance with both national and international standards. Precision testing is integral to our product development process

Health, Safety & Environment

At Luxuria Paints, we believe that operational excellence includes responsibility toward people and the planet. Our commitment to a safe, healthy workplace and sustainable practices defines how we operate every day.

Workplace Safety

- We provide regular safety training to all employees and contractors.
- Risk assessments and audits are conducted to minimize workplace hazards.
- All processes follow ISO 45001:2018 Occupational Health & Safety standards.
- Open communication and worker involvement are encouraged for safety compliance.
- Emergency preparedness and medical aid systems are established at all facilities.

Environmental Stewardship

- We have installed solar rooftops to reduce dependence on non-renewable energy.
- Rainwater harvesting systems are in place to conserve water resources.
- Tree plantation drives are regularly organized near our facilities.
- All products are developed with eco-compliant formulations and minimal VOCs.
- We adhere to ISO 14001:2015 standards for environmental management and compliance.

Industries We Served

Our coatings are engineered for critical applications across domestic and export markets, adhering to stringent IS standards:

Trusted Expertise

Over a decade of experience earning trust through exceptional service and high quality products.

Planet First

Proactive investment in sustainability—economic, social, and environmental across our operations.

People First

A customer-first ethos that has built the Luxuria brand and propelled us toward industry leadership.

Beyond Paints

Value-added solutions beyond paints, ensuring every project delivers maximum satisfaction.

Big on B2B

Proven reliability: supplied to 3,000+ B2B buyers nationwide while maintaining high satisfaction.

Global Supply Network

Robust domestic and export supply network guarantees timely delivery and seamless support.

Our Valuable Clients

CSR & Sustainability

Environmental Programs

- Installed solar rooftops at our manufacturing plants to reduce reliance on conventional electricity and promote renewable energy use.
- Established rainwater harvesting systems to collect and reuse water for daily operations, conserving local freshwater resources.
- Conducted regular tree plantation drives around facility premises to offset carbon emissions and improve local air quality.
- Developed eco-compliant paint formulations with low volatile organic compound (VOC) content, minimizing environmental pollution.
- Implemented resource-efficient production processes to reduce waste generation and optimize raw material utilization.

Community Initiatives

- Contributed significant donations to support the marriages of orphaned girls, fostering brighter futures.
- Allocated a portion of profits to elderly homes, ensuring dignified living for senior citizens.
- Supported various charitable trusts through financial grants and in-kind contributions to uplift underserved communities.
