- Coat Care

1997

Amar Trading Company

- Copper Varnish
- Black Japan
- F.C. Poly Compound

WALL PUTTY

ATCO white cement-based wall putty combines super fine powder with polymer, cellulose, pigments, and additives for a unique formula. It enhances both interior and exterior surfaces, providing smoothness and improved adhesive strength. By filling fine wall and ceiling pores, it creates a white, dry surface perfect for painting.

WALL PRIMER

ATCO Exterior Primer is a high quality acrylic primer designed specifically for exterior masonry surfaces. It offers excellent resistance to alkali and efflorescence, ensuring durability and longevity when applied outdoors.

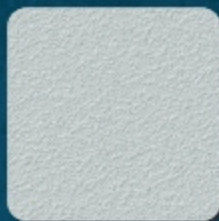

WALL TEXTURE

Rustic Texture

Dholpur Stone

Spray Coat

Roller Coat

Perlina Texture

Archi Concrete

ATCO Products offers **50+ stunning wall textures** and also offering custom texture designs to transform ordinary walls into extraordinary works of art. Add depth, character, and elegance to your spaces with our premium textures that leave a lasting impression.

WALL DITEMPER

ATCO Wall Distemper is a water based product crafted with acrylic copolymer emulsion, tailored for interior walls exclusively. It offers great value for money and delivers an elegant, long-lasting matte finish to interior surfaces.

FC POLY COMPOUND

ATCO FC Poly Compound is a fast-drying, two-component polyester compound ideal for car patching, fabrication, plumbing, and marble or stone jointing. With excellent filling and easy sanding, it's versatile and available in white, off-white, and green.

EXTERIOR EMULSION

ATCO AXE Exterior Emulsion offers vibrant colors, superior protection, and a smooth finish that lasts. With warranties of **3, 5, 7, and 10 years**, plus an 8-year damp-proof warrantee, let your exteriors shine with elegance and durability.

▶ OUR CLIENTS

We also specialize in white labeling and proudly serve over 15+ well known companies, delivering quality and reliability they trust.
